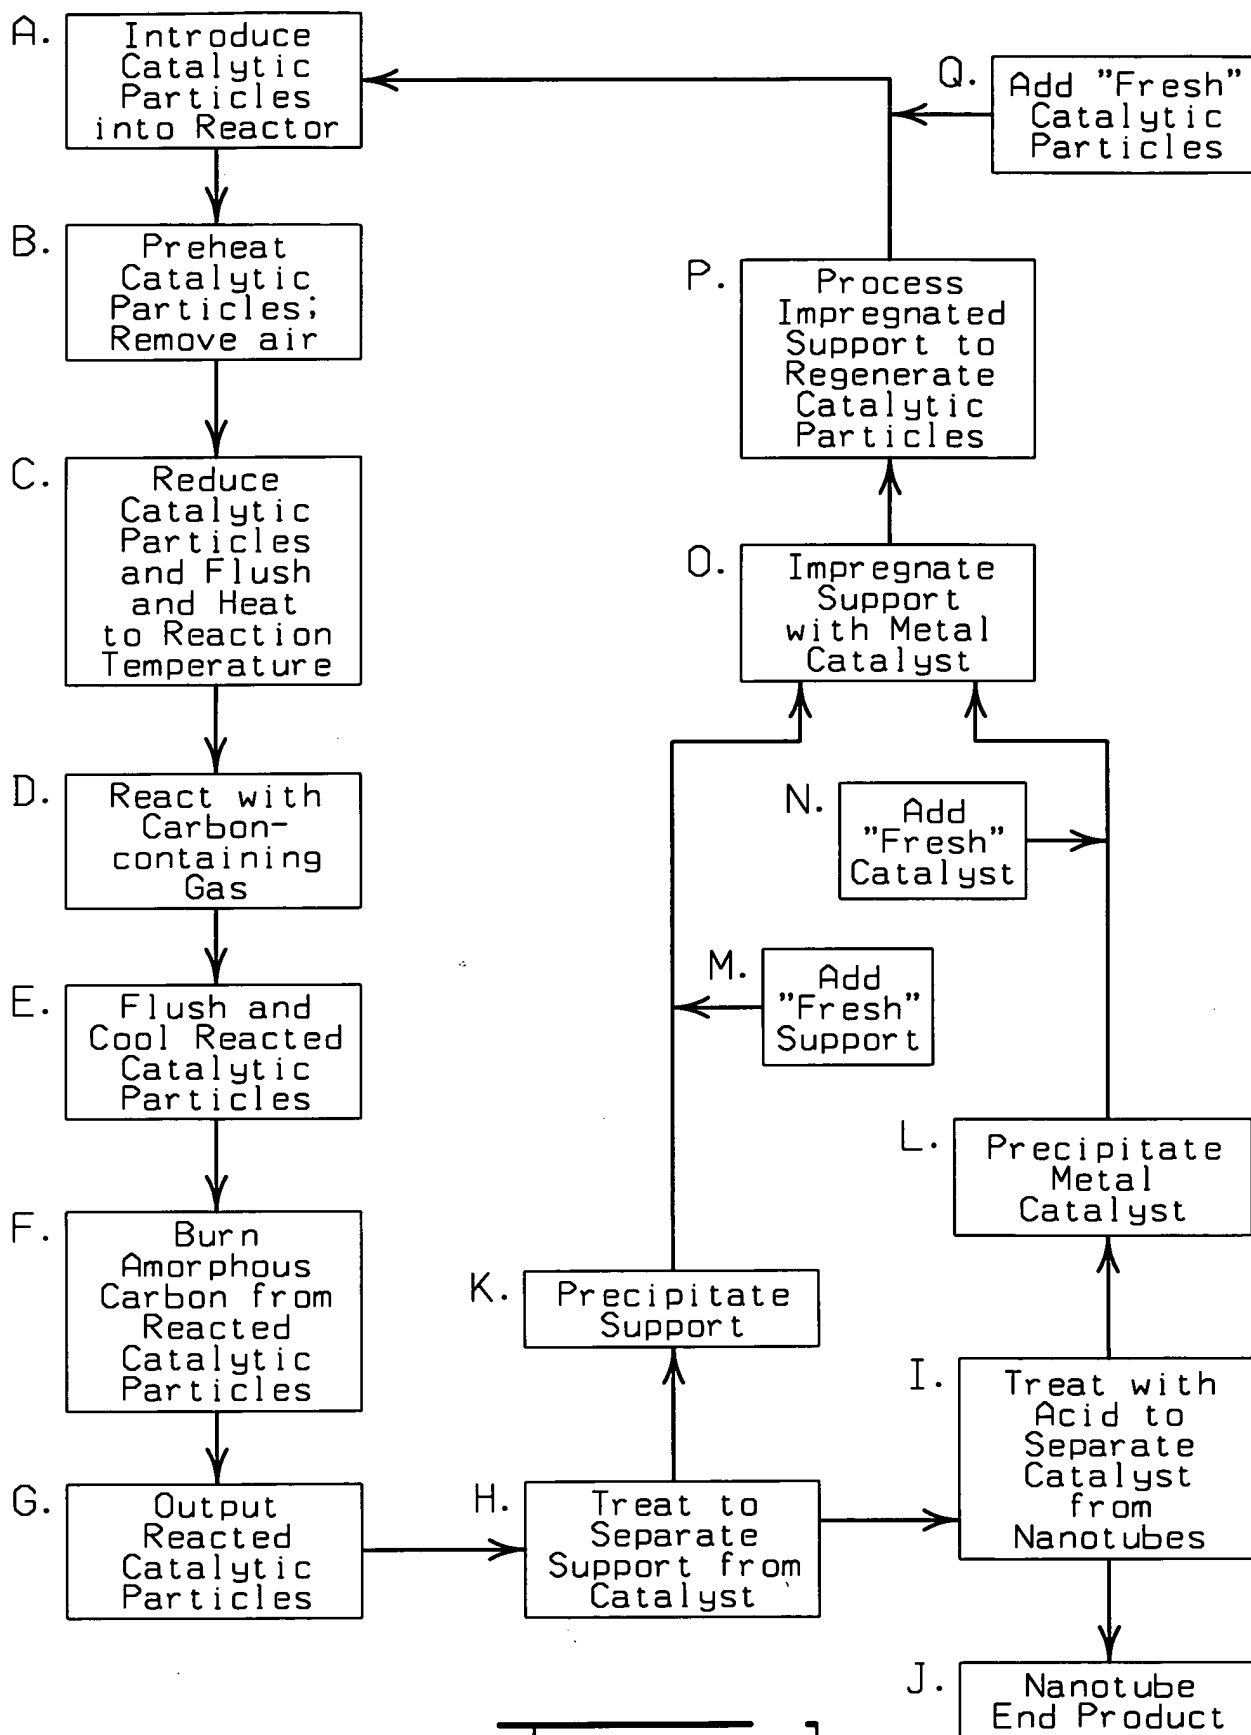

FIG. 1

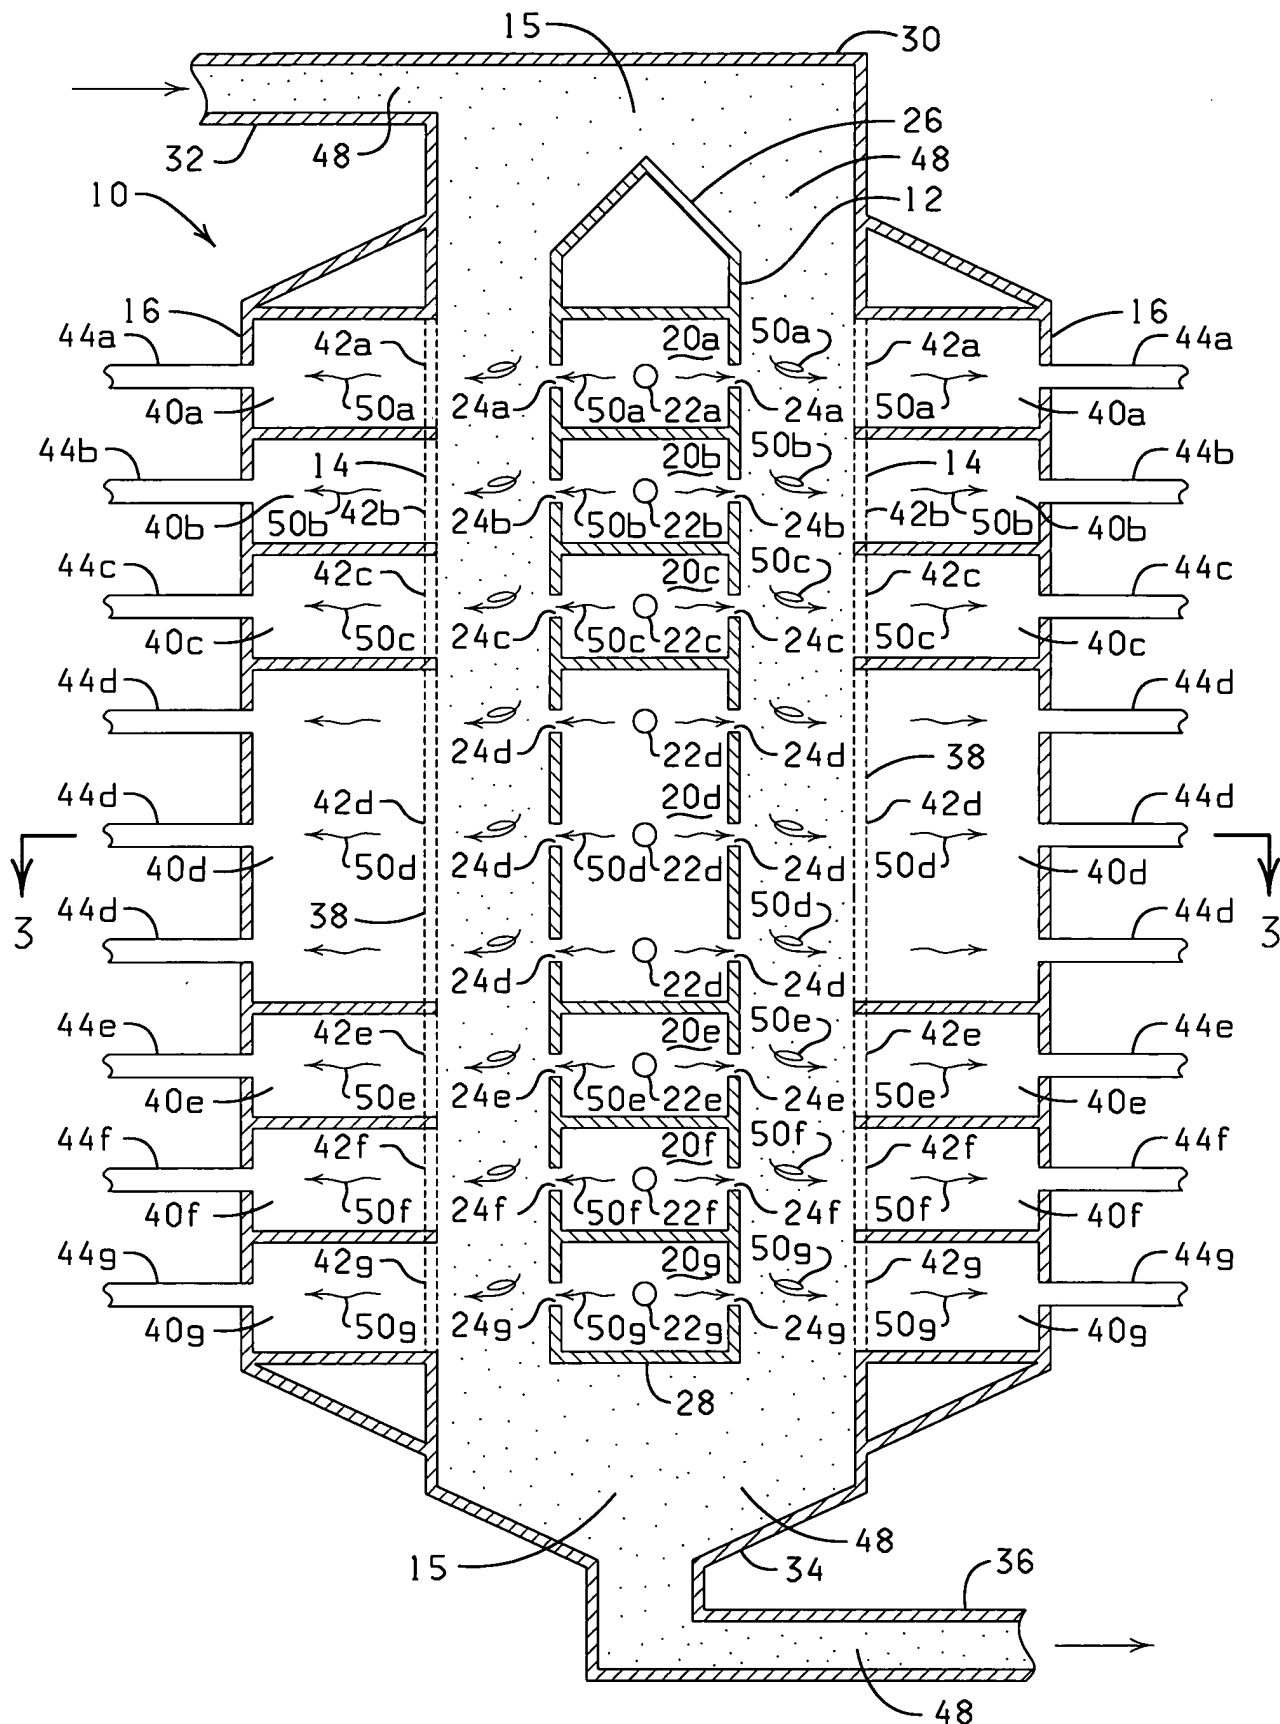

FIG. 2

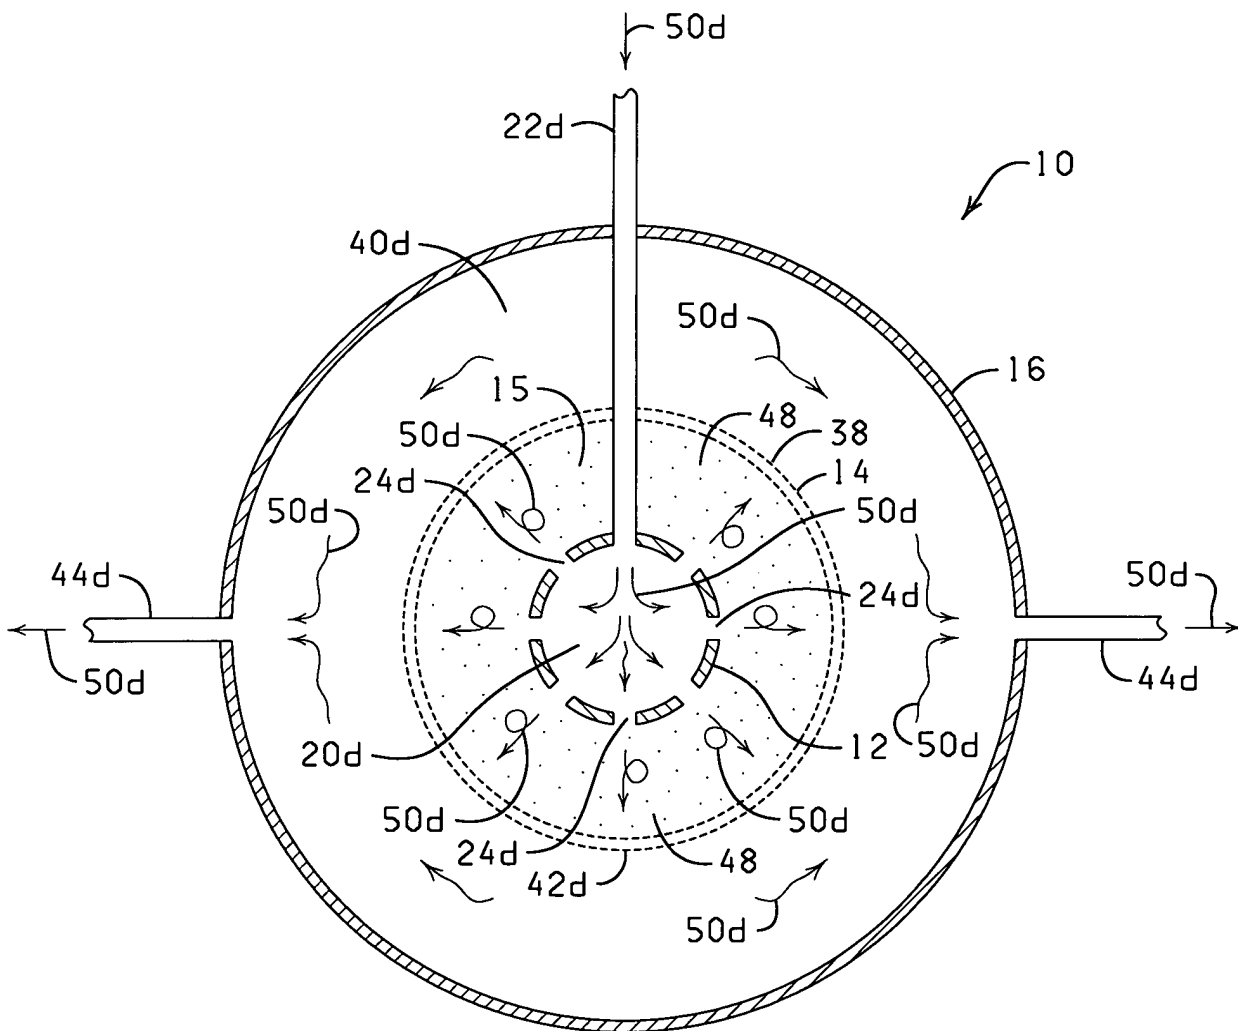

[illegible]

Figure 1 is a schematic representation of the experimental design. It consists of four frames showing a subject's interaction with a target. In the first frame, a subject is shown in a box, looking at a screen. In the second frame, the screen displays a target (a small circle) and a starting point (a larger circle). In the third frame, the screen displays a target (a small circle) and a starting point (a larger circle). In the fourth frame, the screen displays a target (a small circle) and a starting point (a larger circle).
